Go De Rass To Sleep (A Jamaican Translation)

Synopsis

The bestselling Go the F*** to Sleep has been translated into over thirty languages worldwide. Now it is finally translated for Jamaican and other Caribbean parents of the world. Go de Rass to Sleep is a bedtime book for parents who live in the real world, where a few snoozing kitties and cutesy rhymes don't always send a toddler sailing blissfully off to dreamland. Profane, affectionate, and radically honest, California Book Award - winning author Adam Mansbach's verses perfectly capture the familiar - and unspoken - tribulations of putting your little angel down for the night. In the process, they open up a conversation about parenting, granting us permission to admit our frustrations and laugh at their absurdity. Go de Rass to Sleep is beautiful, subversive, and pants-wettingly funny - a book for parents new, old, and expectant. You probably should not read it to your children. Please note: This audiobook is in Jamaican Patois.

Customer Reviews

Bought some as gifts for Adults... They loved it.

I'm not from Jamaica but my wife is, so I'm not real sure if it is offensive to Patois speaking people, but I really got a kick out of this book. My wife less so.
