I am a rudimentary piano player and these songs are within reach. Its a great album so nice to have the sheet. I couldn't quite work out 'Easy Street' by ear, so it was a pleasant surprise how accessible the sheet is. Thanks Rand!

This is a great book of sheet music for intermediate to advanced players. Michael Roth has done a wonderful job of keeping the integrity of the songs in his arrangements, which ultimately makes it a pretty challenging book to play. Every song from the brilliant Harps & Angels is included, all featuring piano, vocal and chords, except for "Piece of the Pie", which is curiously missing chords. The first page features a great introduction to the album, song by song, written by Michael Hill, which provides a lot of insight to Newman's writing style and the feel of the songs. I have played through most of the songs myself, either in their entirety or in sections, and have been thoroughly

impressed. Not only are the arrangements fantastic and extremely accurate, but they are really fun and challenging to play!

Very pleased. Harpes and Angels is my personal favorite of all. Great service.
