This has a nice variety of pieces from different time periods. However, the editing in some of the songs is a little off and unusual. Especially in fingering and phrasing.

There is a problem with this book. It is bound incorrectly, resulting in duplicated pages and some missing pages. How can I get a new copy? Couldn't find anywhere on 's site to address this.

Wonderfulbook! I previously used by Alfred Publishing but these are superior in content and context. Recommend this book to any teacher or serious musician.

This is certainly worth getting if you are a piano teacher or just learning yourself. It has some very significant pieces for each time period.
