Breathless In Love: The Maverick Billionaires, Book 1

Synopsis

Meet the Maverick Billionaires, an exciting and emotional contemporary romance series about sexy, self-made men from the wrong side of town who survived hell together and now have everything they ever wanted. But when each Maverick falls head-over-heels for an incredible woman he never saw coming, he will soon find that true love is the only thing he ever really needed.... Will Franconi has a dark past that he's kept a closely guarded secret; very few people have ever heard his real story, and he plans to keep it that way. After surviving a hellish childhood, he's now living the dream life, where everything he touches turns to gold. But something's missing. He doesn't quite know what until a simple letter from a teenage boy brings Harper Newman into his life. A woman who just might fill up the empty places inside him...if only he could ever be worthy of her love. When a man has more money than he could possibly spend in five lifetimes, Harper has to ask herself what Will Franconi could possibly want from a woman like her. She's learned the hard way that rich men always get what they want no matter the cost. If it was just herself she had to worry about, Harper would manage, but she's guardian to her younger brother, who depends on her for everything. After nearly losing his life in a car crash, she's vowed never to let anyone hurt him ever again. Still, sometimes Harper can't help but long to change her story from one of an always-cautious woman to an adventurous tale of a heroine who's wild and free...especially when Will's kisses and caresses make her utterly breathless. And as he begins to reveal his story to her, she discovers that he's so much more than just another wealthy, privileged man. He's kind and giving, and he fills up all the spaces inside of her heart that have been empty for so long. Together can they rewrite their stories into a happily ever after that neither of them had previously thought was possible?

Customer Reviews

Although I got started on romances pretty late in my reading life (I was already looking forward to Medicare when I got hooked!), I have read some good ones, with many of them being from our local authors. I think the 1st one I read was actually back in late 2011, when I read *Past Midnight*, by Jasmine Haynes. And that was not just a plain old romance; it was an erotic romance, which I had definitely not read before (I came across Jasmine and Shelley Bates signing their books at Barnes & Noble in the Pruneyard). Well, you may remember that I really enjoyed the love story (I swear I'm telling the truth!). In fact, here is what I wrote at the end of my review: **AUTHOR'S NOTE:** I have been with my wife now for over 45 years. She is the most beautiful, smartest, talented person that I know. And, yet, I feel that I have not spent enough time showing her how great I think she is. Jasmine Haynes' book has made me more aware of letting my wife know what I feel. For that, I say a personal "Thank you." So there. Now, along comes book 1 of a romance series featuring the *Maverick Billionaires*. Bella Andre and Jennifer Skully (aka Jasmine Haynes) have collaborated for the 1st time to bring us a series about 5 mid-30s men who have been friends since grade school. They mostly came from poor, rough childhoods and have made themselves into...well...billionaires. This 1st book is about Will Franconi, who has become rich by selling luxury goods for luxury prices. Almost by chance, Will meets Jeremy Newman, an 18-year old boy who had a very serious car accident when he was 7 and has never matured mentally past that age.
