Customer Reviews

My 8 year old is loving this series. I've been reading it to her, which has been nice, because it's held my attention too. We're getting ready to start book #7. You'll want to read all the books, and in the correct order, there is a mystery going on, that continues through out the series, and each book leaves you wanting to get the next one, to find out what happens next. Each story is broken into two parts. The first talks about what's going on on Starworld, then the second part follow one girl on her journey to Wishworld (Great life lessons are talked about) ... My daughter likes books that make her think, mysteries, and we have had fun with this series. We're still waiting to find out, who sent the flowers, who really is Ophelia, and is Lady Cordial hiding something? It's nice that they come in a book with 3 stories. Once you start, you'll have to end up reading all 12 books. Just a bummer that the last 3 books, have not been released yet. It's been a great summer read!

We love these collections ! Extremely creative and enjoyable read. My 7 year old loves them!

Great kids book. Got my reluctant 7-year-old reading like a champ! :)
