Two Legends Of WWII: The Spitfire And Mustang Story: Flying Machines And Their Heroes, Volume 4

Synopsis

The fourth book in the series tells the amazing story of the two most famous fighters in World War II. The Spitfire, the much-loved aircraft of the British nation and the RAF, became a symbol of British strength, hope, and defiance during WWII. It is considered to have been the most effective fighter during the Battle of Britain. The Mustang was unquestionably the finest of all the USAF fighters. This wonderful aircraft's maneuverability, speed, and range enabled it to penetrate deep into enemy territory therefore earning the title as probably the best all-around, single-piston engine fighter to be deployed by any of the combatants in WW II.

Customer Reviews

The writing was not very in depth for either model aircraft. And it took me all of 20 minutes to read. This book is way overpriced.
