Shades Of Desire

Synopsis

"Shades of Desire" is the name of this gorgeous photo collection by Jay Jorgensen, who presents his well-built models in black-and-white. Using only his camera and reflector, the photographer turns his subjects into elegiac, elegant works of art. Using the available lighting, he shapes the powerful bodies. "Nude photography is very powerful and yet at the same time very vulnerable," says the master, and his photos exude these very qualities. The works of this winner of the Tom of Finland prize, Jay Jorgensen, have been published in books like "Ecce Homo", "Naked" and "Nudes Index", among others. Additionally, his portraits have also graced the pages of "Variety" and "People" magazines.

Book Information

Hardcover: 80 pages

Customer Reviews

I have seen many books on the male nude, but Jay Jorgensen has an amazing eye for capturing many levels of sensuality seldom seen in books of this genre. Not only has Mr. Jorgensen found some of the most beautiful men in the world, but he has elevated the model in each photo to a new artistic high. This is one book to own and treasure!

Jorgensen's dramatic, classic style blends seamlessly with a subtle sensuality. Fresh and forward.
