Customer Reviews

The book itself was a disappointment. There was not a lot of helpful information in it. However, the real value in the book was the links to the video tutorials on Youtube. The video tutorials were very informative.

Seems lik a good value. Got it exactly when they said I would. Has decent content for a beginner. Includes itstructions, brief history, lessons and some songs to learn. I have not checked out the "online content" yet, this is about the book itself.

Book is easy to follow. Unfortunatly, I have a crappy pan flute, so, oh well! I learned a few songs, but my flute is not a flat one, it is a double.

Good book at a reasonable price

Pretty funny book, the pictures are worth a thousand giggles
