Don't Hire A Financial Coach! (Until You Read This Book) (60 Minute Financial Solutions Book 4)

Synopsis

All financial coaches AREN'T created equal. There's no relationship between how much you spend for financial education and how much value you actually receive. Of course you need to grow your financial intelligence to increase your wealth, but you need to do it in a smart and efficient way without getting ripped off by overpriced "secrets of the rich" nonsense. Author and financial coach Todd R. Tresidder shows you the way. *Don't Hire a Financial Coach (Until You Read This Book)* gives you an insider's view into the financial coaching industry. Once you learn the good, the bad, and the ugly, you'll know how to get the best value out of financial education services. In this book, you'll discover: The 7 rules for buying financial education that pays you more than it costs 12 warning signs that you're dealing with an illegitimate "dream merchant" 3 steps to choosing the right money coaching service for your personal needs and style How to choose between group financial coaching and individual financial coaching 7 ways that smart clients maximize the value they get from money coaching Don't pay someone to make your decisions without doing your homework. Tresidder's book takes a sincere, common sense approach to navigating the financial coaching world. If you like having all the answers in one direct, well-written, and valuable guide, then this is the book for you. Buy the book today to make sure you get the most out of your financial coaching.

Customer Reviews

As with the majority of information shared by Todd Tressider it is highly valuable and clearly laid out. I am convinced that if you commit to the journey of wealth building by using resources available on Todd's website financial mentor.com along with this book you can increase your financial literacy immeasurably.

This is my second book by Todd Tressider. I recommend it to anyone wanting to learn how to navigate the Financial Coaching world. Certainly the intent is to lend credence to Todd's own coaching business. I have no issue with that objective. The bottom line is you will pick up some valuable tips to help you decide what direction fits your need.

Just the idea to not bow to the sales pitch of most coaching companies puts this book ahead. The actions first used by your prospective coach should give you pause. Good material.

Interesting, well written, concise and to the point. I recommend this book to anyone that wants to avoid ripoffsThanks

His writing is direct and to the point so that you can finish the book in less than an hour.
