Sticky Notes: A Clean Romance

Synopsis

An unusual friendship forms between a young history professor and the grandmother of one of his loveliest students. This lighthearted clean Christian romance is set in the rolling hills of the Palouse, in the university town of Moscow, Idaho. When master's student Katherine King receives an unsatisfactory grade on an exam, she learns two valuable lessons: don't lose your cool with a young, handsome professor and, two, don't tell your grandmother about it. Part one and two are combined in this audiobook.

#550 in Books > Audible Audiobooks > Fiction & Literature > Religious Fiction #11792 in Books > Christian Books & Bibles > Literature & Fiction > Romance

Customer Reviews

I am glad that the version I read had parts one and two, because if the book had ended after part one, I would not have given a good review. Living through Katherine and Quinn's courtship was just wonderful. I definitely recommend.

Katherine is a strong christian woman who ends up falling in love with one of her College professors named Benton. Benton tries to deny the attraction to keep his professionalism as her teacher. However the two of them end up in this professor's group where Katherine gets to hear about Benton's blind date Fridays. the attraction is undeniable and quite sweet. the only part of the story that I was not a big fan of was Katherine's almost childish denial of her love for him at the end. I didn't like how she played games with him and was leading him on only to shut him down and insist he go on this blind date. I listened to the story on Audible and fell in love with the narrator's voice.

the narrator had this insane ability to pull you into the story and captured your attention. I did not want to pause the book or put it down for any reason. I think this Duo worked well together , the author had a great story and the narrator did a fantastic job delivering it. I cannot wait to read book 2 in the series.

I really enjoyed reading Sticky Notes. Catherine's Grandmother Ethel was such a hoot. I loved the characters of Katherine & Benton as well as their friends. The Professor's Friday night get togethers, where they reviewed Bentley's weekly blind dates, was very entertaining.

This book was annoying. Two adults in a professional relationship who fight falling in love for 500 pages. Characters were great, there was some great dialogue & really funny stuff too but oh such a long time to get to the point.

A decent story line, unfortunately it dragged on & on & on & on. 100 pages would've been plenty for this one !

enjoyable because of interaction between family, friends as well as reg. boy/girl, etc.
