Letters To A Young Lawyer

Synopsis

With wit, humor, and decades of personal experiences from which to draw, Alan Dershowitz dispenses advice on career, law, and life in a book aimed at those just starting out in the legal profession. As defender of both the righteous and the questionable, Alan Dershowitz has become perhaps the most famous and outspoken attorney in the land. Whether or not they agree with his legal tactics, most people would agree that he possesses a powerful and profound sense of justice. In this meditation on his profession, Dershowitz writes about life, law, and the opportunities that young lawyers have to do good and do well at the same time. We live in an age of growing dissatisfaction with law as a career, which ironically comes at a time of unprecedented wealth for many lawyers. Dershowitz addresses this paradox, as well as the uncomfortable reality of working hard for clients who are often without many redeeming qualities. He writes about the lure of money, fame, and power, as well as about the seduction of success. In the process, he conveys some of the "tricks of the trade" that have helped him win cases and become successful at the art and practice of "lawyering."

Book Information

Audible Audio Edition

Listening Length: 4 hours and 24 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: Audible Studios

Audible.com Release Date: June 28, 2010

Best Sellers Rank: #187 in Books > Audible Audiobooks > Nonfiction > Law #329 in Books > Biographies & Memoirs > Professionals & Academics > Lawyers & Judges #628 in Books > Law > Law Practice

Customer Reviews

Caution: This book contains some strong language that will offend some. I found it no worse than what is said on television talk shows every day, if you can read lips..I highly recommend this book to all those who are thinking of going to law school, are attending law school, or are planning their legal careers. Professor Dershowitz (whose student I have been) tells it like it is about the many

flaws in the legal system, the ways that law and personal morality come into conflict, and the flagrant abuses of power that occur. His purpose is to prepare you for what is coming, so that you can make a good decision about where practicing or teaching law fits the balance of professional challenge and personal integrity that makes sense to and for you. He also warns against those who give advice, noting that most describe how you can become like them . . . or repeat all of their mistakes because they have never learned from those experiences. Law is "ethically ambiguous terrain." Then, section by section, he describes those moral ambiguities, especially as they occur in the criminal justice system. Although not everyone will agree with his advice, you will certainly see the terrain clearly. Perhaps the most interesting argument is that "the truly moral person . . . does the right thing without . . . reward or . . . punishment." In making this case, he moves to a notion of morality that is beyond religious ethics. I could see myself again traveling down the road of disillusionment that Professor Dershowitz describes. First, we find a legal hero. What we don't realize is that this hero also has human flaws of which we will not approve. When we find out about those flaws, our sense of the idealism of the law is diminished.
