# Mel Bay Fun With The Recorder

## **Synopsis**

A very popular beginner's text which presents a step-by-step method of soprano (descant) recorder instruction supported by carefully written studies, examples and songs. This book is designed to meet the demand for a clear, easy-to-understand, and Pedagogically well constructed method, in a form that is suitable for both classroom teaching and individual instruction. It may be used in class with the companion *Fun with the Alto Recorder*.

## **Customer Reviews**

If you are new to the recorder, then get this. It assumes you know very little about music and walks you right up the recorder finger board. The intermediate and advanced users will find much of the contents is too simple.

I've used this method book quite successfully when teaching beginning recorder groups. It is written well in a clear and straightforward manner. There are many short exercises to work on before new notes are introduced. I usually start with Lesson 3, then 2, then 1. I like to start with teaching "B" first.

Fine for rank beginners and those who don't read music or have limited experience with an instrument. Helps to learn how to read music - very basic, but a good introduction.

Fine book, good service. Used it to start two pre-teen grandkids on the recorder
