Think & Grow Rich - Mega Audio Pack

Synopsis

Love Think & Grow Rich? Then get this Mega Audio Pack! It is simply the #1 Think & Grow Rich audio pack available in the world today. Here's what you get: Think & Grow Rich - The Original Audio Book Think & Grow Rich updated for the 21st Century - One of the best selling versions of the audio book worldwide! This exciting, updated, and revised edition for the 21st century provides examples of men and women who, in recent times, exemplify the principles that Hill put forward, including the inspirational stories of such top achievers as Richard Branson, Oprah Winfrey, Bill Gates, the Google co-founders, and the co-author, all of whom have used the Think and Grow Rich principles to great success. These strategies are still just as valid today. What I Didn't Learn At School But Wish I Had - Written by the CEO of Think & Grow Rich Australia, Jamie McIntyre. In this book, Jamie lays the foundation for success with a blueprint of the same educational system he used to transform his life from broke to a multi-millionaire in less than five years. Time Rich - Another book written by the CEO of Think & Grow Rich Australia. In this audio book you will learn how to escape the 9-to-5 and work only eight hours a week (or less) and live the lifestyle of a millionaire without ever needing to become one. Jamie McIntyre, explodes the myth that to live the life of your dreams you have to work hard and long hours for years and that you have to become a millionaire to have a millionaire's lifestyle. This book is all about removing those chains that tie you to a desk. What I Didn't Learn From Google But Wish I Had - This book will assist those that want to make \$4,000 a month or more online by commencing an Internet career without the need for capital or a computing degree. You get all these audio books for one low price!

Customer Reviews

Narrator reads at a rapid pace. That is the number one problem with this study-guide audiobook. These concepts are thought-provokingly difficult enough to follow along with. I, as well as many other 'reviewers' I have read from, would much prefer the original version as well. The basic principles are enough to swallow, let alone with the additional complication of someone trying to elaborate for the sake of modernizing the text.
