Customer Reviews

This workbook is great for people who are learning English as an additional language. The idioms and phrasal verbs contained are used in all lifestyles I can think of, and if you don't know what someone is talking about, you can be lost in that conversation in seconds. The format is great in my opinion. The idiom or phrasal verbs are presented, followed by multiple choices for the meaning, followed by the meaning, followed by multiple examples on the use of the idiom or phrasal verbs. This way the reader doesn't have to wonder the context in which the idiom or phrasal verbs should be used. After the reader gets through this book, they should be able to use the included idioms and phrasal verbs in conversation with ease.

Ugh, there's so much wasted space in this book, trees are crying. Also, it gives the answer right after every question instead of at the end of the book. I'm so disappointed. Even if the questions are good, the format is terrible.
