Godsland Epic Fantasy Bundle: Godsland Series, Books 1 Through 9

Synopsis

Clean Fantasy Adventure for Teens and Adults Catrin Volker dreams of a peaceful life training horses. It's not to be. Comets appear in the night skies, announcing the return of a goddess. While trying to save her friend from bullies, Catrin unknowingly triggers powerful, ancient magic and fulfills a prophecy that says she will destroy entire nations. Her quest for peace captures the imagination with fantastical landscapes, magic, and dragons. The Dawning of Power trilogy: Call of the Herald, Inherited Danger, Dragon Ore The Balance of Power trilogy: Regent, Feral, Regal The Artifacts of Power trilogy: The Fifth Magic, Dragonhold, The Seventh Magic

Best Sellers Rank: #190 in Books > Audible Audiobooks > Children's Books > Science Fiction & Fantasy #221 in Books > Audible Audiobooks > Fantasy > Epic #311 in Books > Audible Audiobooks > Children's Books > Fiction

Customer Reviews

The first 3 books were entertaining. Books 4 and first half of 5 were excruciatingly difficult to get through. Every time something new came up it was THE MOST difficult/frightening/evil EVER. I got through the books because I can't live with an unfinished story. However, if I knew then what I know now, I would have stopped at Book 3 and left it at that.

What I hate about most serial books is waiting for the next one to be published. I want to know NOW what happens to the character. With this series - I like the main characters. Originally, I bought the first book- solo. I had to wait for my birthday for the 2nd. Imagine my surprise when I was given the bundle of 9 books. I don't have a lot of time to read for fun. What I do read for pleasure has to hold my attention and this series has kept me involved, periodically jumping out of my chair to relieve the adrenaline rush, and kept me awake at night reading when I should be sleeping, or studying. Brian

Rathbone is a good storyteller, and has crafted a great series. Well worth the investment.

Long ago, I started this wondrous series due to the kindness of the author making a number of his books available to read at a greatly reduced price. I read through Regal. Now, again due to Brian Rathbone's generosity by making these excellent reads available though KindleUnlimited, which allows me to finish the series - one of the more important things on my "bucket list". If you're a fan of swords and sorcery, dragons, heroes and villains (and those who go back and forth) and the kind of storytelling that reaches past the mind to the soul, these books are for you. Godsland is a world you might well not always like, but you'll always return to. Thank you, Brian, for not ending this write and "Regal's" end and for allowing me the joy of sharing the tales you tell with you.

It starts out pretty good. I liked the first book the best and it progressively went down. By the end, I was asking myself, "What in the world just happened?" The end was like the original Batman TV series where the episode leaves them in peril and the next episode starts with after their miraculous escape. The end was, they triumphed and all was well. It was like I missed the end, even though I reread it twice. Some of the plot lines were good, and others were a stretch. Overall, it was just OK.

Jumps around a bit, and the character development could be evolved more, but frankly those are nit-picky in the big picture. Though this series is certainly below Dave Eddings' Belgariad & Mallorean, Weis & Hickman's Dragonlance/Chronicles, the Shannara series, and The Sword of Truth series I would recommend this series to those who have read such epics.

I loved loved loved this series. The story line is engaging and immersive and I found myself wondering what the characters were up to when I was not reading the book. A great value, for the price you get so much material. I know all series must end but I wish this one kept going on and on.

Let me just say I'm very impressed with this series, and I took forward to more from this author!! Finally an ending that makes me feel satisfied. Too many great reads have terrible endings. Not this series. Good job!

These stories are pretty great Fantasy fare, and I was surprised and thrilled to find I did not have to turn off my inner feminist to enjoy them. This is high praise coming from me. The fourth book got a little boring for me, heavier on battle action than I usually enjoy, but other than that, the whole thing

was wonderful!
