Gardening For Preppers: A Beginner's Guide

Synopsis

Are You and Your Family Ready to Survive the Next Disaster? Do you know how to feed your family yourself? Prepping is a lifestyle choice. It is when we look at ourselves and finally say, "I am going to stand on my own two feet and live the life I choose to live." In today's modern society, we rely on others way too much. We rely on people to give us food, shelter, jobs, and everything else we feel that we are entitled to. Well, the day has come for us to stand on our own two feet and take responsibility for our own actions. It's time to learn how to become self-sufficient and grow your own food! In this book you will learn what it is to be a gardening prepper. You will learn tips, tricks, and techniques that you can use to become more self-reliant in your day-to-day activities. You'll learn more than you ever thought you could, including: How Gardening Could Save Your Life Finding the Perfect Land for Gardening Working with the Tools and Skills You Have Composting: What You Need to Know Should Animals Be a Part of Your Plans? Water Storage Options for Gardening Sustainable Gardening Techniques Essential Pest Control Ideas Designing the Ideal Survival Garden Seed Saving - How to Do It and Why You Must Easy Ways to Build Your Seed Bank Preserving Your Harvest Shopping Tips for Building Up Your Food Storage At the end of this audiobook, you will have the foundation you need in order to take the next steps to become an even better prepper or to embrace the principals of the prepper lifestyle even more.

Customer Reviews

While the book was easy to understand and brought up some good points, I felt it could have

provided a lot more information about gardening. If you are looking for a detailed gardening book about specifics on getting started this is not the book for you
