## Customer Reviews

I think this book is the best for beginning clarinet. You can just about teach yourself with this presentation--but self instruction can lead to bad habits so I think it is essential that you hire a good instructor. Start learning from this book and the instruction will open wide the windows to learning the clarinet. It is a great book, you will be playing after finding the keys. I really don't care for the CD Rom, I don't think it is all that helpful. The pace of presentation in Essential Elements makes you have confidence that you can learn Clarinet and succeed. Great Book!

Quick to ship and just what my beginning band kid needed! ;- )Thanks!

A great book for the beginner!

Good buy, good shipping!
