# Soul On Bikes: The East Bay Dragons MC And The Black Biker Set

## Synopsis

The East Bay Dragons Motorcycle Club has gunned their Harleys through the meanest streets of Oakland, California, since the 1950s. Before Rosa Parks took her historic bus ride and before Martin Luther King Jr., Malcolm X, and Huey P. Newton and the Black Panthers stood bravely for equal rights, the East Bay Dragons MC risked life and limb during the days when it was a revolutionary act for a black man to ride a Harley chopper. Written by Tobie Livingston, the club's original founder, Soul on Bikes offers a slice of underground American and African-American history you're unlikely to read in any textbook. Livingston and his colorful cast of misfits and comrades are an all-black, all-Harley, all-chopper group of motorcyclists who have found more than their fair share of violence and redemption on the battlefields of urban America--and their legacy is an important untold portion of African-American history. Soul on Bikes recounts the club's adventures with humor, attitude, and, most important, soul.

## Customer Reviews

I must admit I had very little knowledge nor contact with bikers or motorcycle clubs. I had heard of The East Bay Dragons, founded in Oakland and of course, everyone knew the Hell's Angels. Both were synonymous with danger and bad news in my sheltered existence. Their rough manner and their reputation of being bad asses was reason to avoid them. So, it was with great surprise while reading Soul on Bikes: The East Bay Dragons MC and the Black Biker Set, Marcus Book Store's April book club Selection, to find out that the East Bay Dragons is an integral part of Oakland

history. Tobie Gene Levingston and his family were a part of the northern migration to the East Bay from the southern states in the 1950s; his family being from rural Louisiana. Enticed by the burgeoning factories and other labor jobs and longing to escape the drudgery and endless, vicious cycle of sharecropping that so many black families had succumbed to as a legacy of slavery, California offered new beginnings towards a brighter future. Levingston, then in his early twenties began working in an iron foundry. The work was dirty and back breaking but it enabled him to contribute to his family finances and indulge in some luxuries; one of those being cars. He formed a car club but his group ran into some trouble with the local police and as a result disbanded. Not long after that, Levingston became interested in motorcycles and formed The East Bay Dragons, a black motorcycle club that is active to this day. Because of the problems he had with the car club, Levingston was determined to keep the MC on the straight and narrow. But as this was a group of young black men, just the sight of them on their bikes, raised fear and ire to other residents and law enforcement agencies.
