Customer Reviews

I purchased this music book for my 13 yr old granddaughter for Christmas. As soon as she opened it, she went upstairs and pulled out her cello and began playing in it. I heard songs from it for the next 3 days I was there and this was over a vacation! I figured that spelled success with this gift.

My daughter loves this book! She has plays the cello for one year and this book seems to be providing the just-right challenge for her to learn on her own.

My kids love this book. It allows them to play some of their new music as beginning players. Great way to keep their interest!
