Customer Reviews

I spent a lot of time to find a good book for my flute lesson. This book let me know how I can play my flute. You don't need to waste time to find a book. Just buy it and start now. Thank you seller.

Good

This book breaks down the first steps of flute playing in a fun and easy to understand book. The only thing I had an issue with (and it's really not an issue more just a difference in choice of terms) the book was that they use British terms for notation durations (i.e. crotchets, quavers, etc...) It would be nice if they had a American English version of the book. Regardless the book is fantastic.
